Balsamiq End User License Agreement

This Agreement applies to **Balsamiq Wireframes for Desktop, Balsamiq Wireframes for Confluence Server and Balsamiq Wireframes for Jira Server**. Other Balsamiq products and services are covered by other agreements, as specified on Terms of Service & EULA. For clarity, using Balsamiq Wireframes for Desktop to access our online **Balsamiq Services** is subject to our Terms of Service instead of this Agreement.

This document is a sister-document to our **Privacy Policy**. Please make sure you read both carefully before accessing or using a Balsamiq Product.

Version 3.8, Jun 2020 – Download as PDF – Document History

The individual installing or using this software represents that he or she has authority to enter into this Agreement with Balsamiq on behalf of the Licensee, that he or she has read the terms and conditions set out herein and that the Licensee accepts and agrees to be bound by this Agreement. If the Licensee does not agree with the terms and conditions, the Licensee must not use or permit the use of the Product.

1. Definitions

Balsamiq refers to Balsamiq as defined in the Who We Are section of our Privacy Policy.

Authorized Use means the defined number of copies or instances of the Product that may be used by Licensee, and where applicable, limited to the number of users designated in the Quote/Receipt/Invoice issued by Balsamiq.

Authorized User means a person or user account who is licensed to use the Product, regardless of whether that person is an employee, contractor, subcontractor, vendor,

partner or customer of the Licensee.

Commencement Date means the date on which Licensee first installs Product for the first time.

Desktop Version means a version of the Product that works outside the browser, as a standalone application. New versions of the Desktop Version can be categorized as Major Release (typically designated by a full numeral increase in the version number, such as 3.x to 4.x), and Minor Release (typically designated by a change in the decimal numbering, such as 4.0 to 4.1).

Integrations means a version of the Product that works to integrate with another web application, such as Balsamiq Wireframes for Confluence Server and Balsamiq Wireframes for Jira Server. It does not include Balsamiq Wireframes for Desktop. Atlassian defines these as "Software Apps."

License means the right to use the Product as defined by Authorized Use.

Licensee means the individual or entity (inclusive of affiliates and subsidiaries) that has licensed the Product under the terms and conditions of this Agreement.

Maintenance Start Date means the beginning date of the Software Maintenance period, as designated in the Quote/Receipt/Invoice issued by Balsamiq , or the Invoice date if no beginning date is specified.

Product means the Balsamiq product defined in the Quote/Receipt/Invoice delivered by Balsamiq to Licensee, including any documentation and updates provided under the terms of this Agreement in accordance with Clause 5.

Protected Code means source code contained within the Product that is protected by Balsamiq against access.

2. License Fee

A fee paid by Licensee to Balsamiq, as designated by Product, in consideration for the Authorized Use of the Product. License fee is payable upon acceptance of the terms and conditions set out herein. License fee is non-refundable after 60 days from the date payment is received by Balsamiq.

2.1 Free Trials and Our Free Software Program

We offer 30-day trials for all of our licensed products. Upon the conclusion of the trial, a license is required for the continued use of our Product. In accordance with our Free

Software program, we may choose to issue free licenses, which have zero commercial value.

2.2 Payment Terms

The easiest and fastest way to pay for a License Fee for our products is with a credit card on our website.

Our Integrations License Fee is also payable to Atlassian, in which case its purchasing terms are governed by the Atlassian Marketplace Terms and paid directly to them.

We do not accept purchase orders and the terms and conditions that come with them. However, we offer additional payment options if the order totals US $300 or more. Please refer to our Ordering Process for more information.

3. Grant of License

Subject to the terms of this Agreement, including limitations defined by the License, Balsamiq hereby grants to Licensee, and Licensee accepts from Balsamiq (or from Atlassian for those License Fees paid directly via the Atlassian Marketplace), a perpetual, irrevocable (except pursuant to Clause 12 below), fully-paid, worldwide, non-exclusive, non-transferable (except pursuant to Clause 18 below), non-sublicensable (except to Licensee's related entities) License to use the Product as defined by Authorized Use.

4. No Warranty

Except as described in this Agreement and save as provided in Clauses 13, 14 and 16 below, the Product is provided on an "as is" and "as available" basis without warranty, express or implied, of any kind or nature, including, but not limited to, any warranties of performance or merchantability or fitness for a particular purpose, including without limitation that Balsamiq does not warranty that the Product will be error-free, complete, or correct. Balsamiq provides evaluation copies of the Product so that customers can assess the Product.

5. Balsamiq's Obligations

Upon receipt of Licensee Fee from Licensee, Balsamiq will (a) supply the Licensee with the Product via electronic download; and (b) provide Software Maintenance as defined in Clause 6 below.

6. Software Maintenance

6.1 For Integrations

Software Maintenance includes Balsamiq's provisioning to Licensee Product updates and/or enhancements made generally available to customers from time to time, and online technical support (and where applicable, phone support) to one Licensee-designated technical contact for the sole purpose of addressing technical issues relating to the use of the Product (excluding any form of on-site visits by Balsamiq personnel or contractors), for a period of twelve (12) months from the **Maintenance Start Date** (the "Integrations Initial Maintenance Period"). The Integrations Initial Maintenance Period (which can also be purchased via the Atlassian Marketplace) may be renewed for additional twelve (12) month periods ("Renewal Period") at Licensee's sole and absolute discretion at the then-current rate for Software Maintenance. Subsequent Renewal Periods commence upon the expiration of the prior Software Maintenance regardless of when it is purchased.

Note that we will stop supporting older versions of the Atlassian Platform (Confluence and Jira) as soon as Atlassian does. We keep our apps updated to follow Atlassian Support End of Life Policy and minimum compatibility requirements are also in line with their Jira and Confluence Supported Platform requirements.

6.2 For Desktop

Software Maintenance includes Balsamiq's provisioning to Licensee Product minor-version updates (3.x but not 4.0 and later) and/or enhancements made generally available to customers from time to time.

Software Maintenance also includes online technical support via email and online forums only to one Licensee-designated technical contact for the sole purpose of addressing technical issues relating to the use of the Product, for a period of twelve (12) months from the **Maintenance Start Date**. Similarly, once a new major-version of the Product has been released, we'll support the previous version for a period of twelve (12) months from its last release date. No additional support will be provided after that.

7. Licensee Obligations

The Licensee must at all times: (a) ensure that only an Authorized User may use the Product and only for Authorized Use in accordance with the terms and conditions of this Agreement; (b) promptly advise Balsamiq, including in writing, if the Licensee becomes aware of any unauthorized use or distribution of the Licensee's License Information (Name and Key) by any person.

8. Unauthorized Use or Distribution

Licensee may not, whether through deliberate or negligent act or act of omission, distribute or cause the distribution of the Product to any third party other than an Authorized User.

9. Investigation of Unauthorized Use and Distribution

If Balsamiq reasonably suspects that the Product has been distributed to or obtained by any person or party without Balsamiq's prior written consent, Balsamiq has the right to reasonably request once per calendar year from the Licensee an unqualified certificate executed by the Licensee's auditor or authorized representative at the Licensee's cost for the purpose of verifying compliance with Authorized Use of the Product.

10. Licensee's Restrictions

Licensee will not, without the prior written consent of Balsamiq, which may be withheld in Balsamiq's sole discretion and which may include certain conditions:

(a) decompile, reverse engineer, disassemble, analyze, modify, adapt, convert, create derivative works from, or otherwise attempt to derive, the Protected Code;

(b) sell, sublicense, redistribute, reproduce, transmit, circulate, disseminate, translate or reduce to or from any electronic medium or machine readable form the Product or any data/information provided to the Licensee through the Product to a person (except that nothing in Clause 10(b) is intended to prevent an Authorized User undertaking Authorized Use);

(c) vary or amend the Authorized Use without Balsamiq's prior written approval;

(d) except as otherwise permitted in this EULA, publish, promote, broadcast, circulate or refer publicly to the Balsamiq name, trade name, trademark, service mark or logo;

(e) commit any act or omission the likely result of which is that Balsamiq's reputation will be brought into disrepute or which act or omission could reasonably be expected to have or does have a material and adverse effect on Balsamiq's interests.

In addition, the Product includes license protection mechanisms that are designed to manage and protect the intellectual property rights of Balsamiq. Licensee must not modify or alter those features to try to defeat the Product use rules that the license protection mechanisms are designed to enforce.

11. Term

The term of this Agreement begins on the Commencement Date and will continue in full force and effect unless terminated in accordance with Clause 12 below.

12.Termination

Licensee may terminate this Agreement at any time by destroying all copies of the Product in its possession. Either party hereto may terminate this Agreement if the other party commits a material breach and such party does not cure such material breach within thirty (30) days of written notice of such breach. Licensee agrees upon termination of this License to destroy all copies of the Product in its possession.

Balsamiq reserves the right to discontinue the Product at any time. In this event, Balsamiq will announce an End-Of-Life date on the Balsamiq website. The End-Of-Life date will be at least 12 months after the announcement date. Balsamiq will honor the terms of this Agreement until the End-Of-Life date. Should Licensee's Software Maintenance period exceed the End-Of-Life date, Balsamiq will offer a refund for any unused maintenance time. At the End-Of-Life date, this Agreement will terminate.

Clauses 1, 4, 8 – 10, 13 – 24 shall survive any termination of this Agreement.

13. Infringement Indemnification

(a) Balsamiq will defend, indemnify, hold Licensee and its directors, officers, employees and other agents (collectively, "**Licensee Indemnitees**") harmless, at Balsamiq's sole cost and expense, any action brought against any Licensee Indemnitee based upon the claim that the Product, if used within the scope of the License granted under this Agreement, infringes, violates, or misappropriates a patent, trademark, copyright, trade secret, or other intellectual property or proprietary right ("IP Claim"); provided, however, that: (i) Licensee shall notify Balsamiq promptly in writing of any such IP Claim; (ii) Licensee shall not enter into any settlement or compromise on any IP Claim without Balsamiq's prior written consent; (iii) Balsamiq shall have sole control of any such action and settlement negotiations so long as there is no detriment or liability to Licensee; and (iv) Licensee shall provide Balsamiq with reasonable information and assistance, at Balsamiq's request and sole cost and expense, necessary to settle, defend, indemnify or hold harmless such IP Claim. Balsamiq agrees to pay all damages and costs incurred Licensee attributable to such IP Claim. The foregoing states the sole liability of Balsamiq and the exclusive remedy of Licensee for any infringement of intellectual property rights by the Product or any other items provided by Balsamiq hereunder.

(b) If the Product becomes, or in the opinion of Balsamiq may become, the subject of a claim of infringement of any third party right, Balsamiq may, at its option and in its

discretion promptly: (i) procure for Licensee the right to use the Product free of any liability; (ii) replace or modify the Product to make it non-infringing; or (iii) refund any License Fees related to this Product paid by Licensee.

(c) Exclusions from Defense Obligation. Balsamiq will have no duty to defend any IP Claim to the extent such IP Claim is based on: (i) use of a superseded release of the Product, if such infringement would have been avoided by the use of a current release of the Product and Balsamiq timely notified Licensee of the availability of the non-infringing Product at no additional cost; (ii) the combination, operation, or use of the Product with programs or data not furnished by Balsamiq or at Balsamiq's direction, or with hardware or operating system software other than the hardware platform and operating system with which the Product is designed to function, if such infringement would have been avoided by the use of the Product without such programs, data, hardware or operating systems; (iii) modification or attempted modification of the Product by anyone except Balsamiq or at Balsamiq's direction, or use or distributions of such modifications; or (iv) Licensee's use of the Product in a manner that results in defamation, violates the privacy rights of individuals, transmits material in violation of any applicable law, rule, regulation, or uses any proprietary thirty party content without legally binding consent of such third party.

(d) To the extent an IP Claim is excluded from Balsamiq's defense obligation, is based upon the claim that any modifications to the Product or combination of the Product with products, not provided by Balsamiq or at Balsamiq's direction, infringes or violates any third party, Licensee will defend or settle, at its expense, any action brought against Balsamiq provided, however, that: (i) Balsamiq shall notify Licensee promptly in writing of any such claim; (ii) Balsamiq shall not enter into any settlement or compromise any such claim without Licensee's prior written consent; (iii) Licensee shall have sole control of any such action and settlement negotiations; and (iv) Balsamiq shall provide Licensee with information and assistance, at Licensee's request and expense, necessary to settle or defend such claim. Licensee agrees to pay all damages and costs finally awarded against Balsamiq attributable to such claim. Balsamiq may elect to assume control of the defense and settlement of any such claim with counsel of its choosing; provided however, that if Licensee will not have breached its defense and settlement obligations hereunder, Licensee will have no obligation to pay the costs and expenses of such Balsamiq-controlled defense or settlement. The foregoing states the sole liability of Licensee and the exclusive remedy of Balsamiq for any infringement of intellectual property rights by the Licensee modifications or combinations or any other items provided by Licensee hereunder.

(e) Notwithstanding Clause 13(a) above, Balsamiq assumes no liability hereunder for, and shall have no obligation to defend Licensee or to pay costs, damages or attorney's fees for, any claim based upon any modifications to any of the Product not approved by Balsamiq or

at Balsamiq's direction or combination of any of the Product with products not approved by Balsamiq or at Balsamiq's direction.

14. Limitation of Liability

Excluding Balsamiq's and the Licensee's indemnification obligations described in Clause 13(d) hereof, neither party hereto will be liable to any third-party for any loss, damage, cost, expense or other claim (including consequential, directly, indirect, special, punitive or other damages and loss of data or profits) in relation to this Agreement or the Product including, without limitation: (a) any use or reliance on a Product by the third-party (including the form and content of errors in and/or omissions from any information contained in a Product); (b) any delay, interruption or other failure in the provision of the Product; or (c) any change in the form or content of the Product. Excluding Balsamiq indemnification obligations described in Clause 13 hereof, in no event will either party's liability under any claims arising out of this Agreement exceed the fees paid by Licensee under this Agreement. Except for each party's indemnification obligations or breach of Clause 2 ("Licensee Fee"), 8 ("Unauthorized Use or Distribution"), or 10 ("Licensee's Restrictions"), neither party will be liable for lost profits or for special, indirect, incidental or consequential damages, regardless of the form of action, even if such party is advised of or aware of the possibility of such damages. The foregoing liability limitations shall apply to the maximum extent allowed by applicable law. To the extent the foregoing liability limitations or the warranty disclaimers of Clause 4 are not allowed by applicable law, then the liability of Balsamiq, and the remedy of Licensee, shall be limited to the prompt: (d) re-supply of any defective Product; or (e) refund of any license fees paid by Licensee for such defective Product.

15. Ownership / Intellectual Property

This Agreement only confers the right to use the Product and does not convey any rights of ownership in or to the Product. The Licensee acknowledges that the Product and all intellectual property rights in relation to the Product are the property of Balsamiq and Balsamiq is entitled to take whatever action it may decide in order to protect its intellectual property rights in the Product.

Balsamiq does not claim intellectual property rights over wireframes created with the Product.

16. Open Source Code

With respect to open source software, Balsamiq hereby represents and warrants: (a) that the Licensee's use thereof does not create, or purport to create, obligations on the

Licensee to grant licenses or usage rights to the general public to any source or object code, whether such code is embedded in the Product or any other software provided under this Agreement or used in conjunction therewith; (b) that in no event shall the Licensee be liable for any damages whatsoever, whether direct or indirect, and whether experienced by Balsamiq or a third party, which are related to a loss of Balsamiq or any third party resulting from such use of Open Source Software hereunder; and (c) to, and hereby does, waive any claims it may have against the Licensee in relation to The Licensee's use of such open source software.

All open source software included in Balsamiq Product is listed on Exhibit A attached to this Agreement.

17. Publicity Rights

(a) The Licensee grants Balsamiq the right to include the Licensee's Organization as a customer in Product promotional material.

(b) Licensee can deny Balsamiq this right by submitting a written request via email to sales@balsamiq.com, requesting to be excluded from Product promotional material. Confirmation of such denial (via reply email) must be received prior to purchasing for this exclusion to be effective.

(c) Should the Licensee come to be or already be included in Product promotional material, as a result of any prior purchases where the Licensee did not request exclusion from Product promotional material, the Licensee can at any point in time, submit a written request via email to sales@balsamiq.com to have Balsamiq remove the Licensee's name from Product promotional material. Upon receipt of such request, Balsamiq will remove any reference to the Licensee from such promotional material within 30 days and make no further reference to the Licensee.

18. No Assignment or Amendment

Licensee may not amend this Agreement without prior written consent of Balsamiq. Licensee may assign this Agreement to succeeding parties in the case of a merger, acquisition or change of control so long as in doing so, Balsamiq is notified in writing via email to sales@balsamiq.com within ninety (90) days of the closure of such transaction. If Licensee merges into or with a direct competitor of Balsamiq, as determined in Balsamiq's sole discretion, then this Agreement will automatically terminate as of the effective date of such merger. Balsamiq may assign its rights and obligation under this Agreement without consent of Licensee.

19. Tax

Payments made by the Licensee under this Agreement exclude any taxes or duties payable in respect of the goods or services supplied in the jurisdiction where the payment is made or received. To the extent that any such taxes or duties are payable by Balsamiq, the Licensee must pay to Balsamiq the amount of such taxes or duties in addition to the license fee under this Agreement unless Licensee is exempt from paying such taxes or duties at the time such taxes or duties are levied or assessed. Balsamiq will provide the Licensee with documents requested by Licensee necessary to enable the Licensee to obtain a tax or duty refund or credit.

20. Governing Law

This Agreement is governed by the laws of the State of California, USA, regardless of conflict of law provisions, and the parties hereby irrevocably and unconditionally submit to the exclusive jurisdiction of the courts in San Francisco, California, USA.

21. Attorneys Fees

The prevailing party in any legal action or arbitration relating to this Agreement will be entitled to recover its attorneys' fees and litigation costs and expenses incurred in connection with such action or arbitration as part of the same proceeding.

22. Counterparts/Faxed Signatures

This Agreement may be executed in any number of counterparts, each of which will be an original and all of which will constitute together one and the same document.

23. No Waiver

The failure of either party hereto to prosecute its rights with respect to a breach hereunder will not constitute a waiver of the right to enforce its rights with respect to the same or any other breach.

24. Notices

Balsamiq may give notice by means of a general notice on the Balsamiq website, electronic mail to your e-mail address on record with Balsamiq, or by written communication sent by first class mail or pre-paid post to your address on record. Such notice will be deemed to have been given upon the expiration of 48 hours after mailing or posting (if sent by first class mail or pre-paid post) or 12 hours after sending (if sent by email). You may give notice to Balsamiq at any time by any of the following: letter delivered by nationally

recognized overnight delivery service or first class postage prepaid mail to Balsamiq's addresses on its website.

Licensee agrees that the Product will not be shipped, transferred or exported into any country or used in any manner prohibited by the United States Export Administration Act or any other export laws, restrictions or regulations.

Document History

- 10 Jun 2020: Added Atlassian Marketplace, trial, free software, sanctions link and major/minor version information. Updated "Integrations" term, licensee's indemnification obligations, Open Source Components, authorized use and license fee definition.

And here's a list of PDF copies of previous versions of this document:

- Version 3.7 – Jan 2020

- Version 3.6 to 3.7 – Jan 2020

- Version 3.5 to 3.6 – May 2018

- Version 3.4 to 3.5 – Sep 2017

- Version 3.3 to 3.4 – Oct 2016

- Version 3.2 to 3.3 – Oct 2015

- Version 3.1 to 3.2 – Oct 2015

- Version 3.0 to 3.1 – Jul 2015

- Version 2.9 to 3.0 – Jul 2015

- [Version 2.8 to 2.9](#) – Mar 2015

- [Version 2.7 to 2.8](#) – Mar 2015

- [Version 2.6 to 2.7](#) – Dec 2014

- [Version 2.5 to 2.6](#) – Sep 2012

- [Version 2.4 to 2.5](#) – Jul 2012

- [Version 2.3 to 2.4](#) – Jun 2012

- [Version 2.1 to 2.3](#) – Feb 2012

- [Version 2.0 to 2.1](#) – Jun 2010

- [Version 1.9 to 2.0](#) – Dec 2009

- [Version 1.8 to 1.9](#) – Jul 2009
